## FATE NOT YET DECIDED

Thaw Jury Is Still Unable to Agree Upon a Verdict.

## AGAIN HEAR SOME EVIDENCE

Jurors Call Upon the Court for Testimony of Certain Witnesses—Justice Fitzgerald Declines to Allow Them to Again Hear Part of Delmas' Plea.

New York, April 12.—Thirty-one hours of deliberation and no verdict. Such was the condition of affairs at 11:40 o'clock Thursday night when the Thaw jury was ordered locked up for a second night at the criminal courts building. The fact that they had not been able to agree after devoting so much time to a study and discussion of the case has given rise to the belief that the trial will end in a disagreement and the whole affair will have to be gone over again.

Although the twelve men have thus far failed to reach a common opinion and to all appearances are hopelessly at sea, Justice Fitzgerald has not given up hope of having a verdict rendered. As yet Deming B. Smith, foreman of the jury, has not complained to the court that the jurors are unable to reach a decision and until he does so it is not likely that Justice Fitzgerald will discharge them. The general impression prevails that if the twelve men are unable to agree at the expiration of forty-eight hours they will be released from further service. The very fact, however, that no intimation has been received from the juryroom that the men are unable to agree has been construed by many who have followed the proceedings closely as an indication that a verdict will eventually be reached.

The mother, wife and the sisters and brothers of the defendant were in the criminal courts building up to the last minute and when it was finally announced that the jury had been locked up over night and there was no longer any prospect of a verdict before today, they returned to their hotel crestfallen. They had hoped and looked for a decision Thursday and the news that they would have to pass another night in doubt and anxiety was received with keen disappointment.

### Asked Court's Assistance.

Twice during the day the twelve men who took their places in the jury box more than two months and a half ago, filed into the courtroom and asked the assistance of the court in an endeavor to bring about an agreement.

They appeared wan and haggard after wrangling through all of Wednesday night in the stuffy little conference room in the criminal courts building, with only hard chairs and one long table provided for their comfort. The jurors wanted to hear again the evidence of numerous eye witnesses to the tragedy. They wanted to hear what Dr. Allen McLane Hamilton had been allowed to testify to as to Thaw's condition the night of the tragedy and what Evelyn Nesbit Thaw had said as to her husband's conduct that evening; they wanted to hear repeated again the conversation Thaw had with James Clinch Smith just before he committed the homicide; they wanted to hear several portions of Justice Fitzgerald's charge once more and,

finally they asked permission to take possession of all the writings of Thaw, which had been introduced into the trial as indicative of the defendant's state of mind when he heard the story of Evelyn Nesbit's alleged wrongs at the hands of the man who was to become his victim.

All of these requests were gladly granted by the court, but when Foreman Deming B. Smith, on behalf of the jury, asked that certain portions of the summing up address of Delphin M. Delmas be read, Justice Fitzgerald called a halt. He admonished the jurors that they were to be guided only by the evidence and were not entitled to hear again the closing speeches of the lawyers.

### Thaw Appears Cheerful.

Harry Thaw's family—his white haired mother, his pale young wife, his sisters and brothers—visited the defendant on several occasions in the prisoners' pen on the floor above the courtroom. Their purpose was to cheer him, but he appeared by far the most cheerful of the group. The man's confident air seems never to leave him for any great length of time and a buoyancy of spirit is nearly always apparent. Few men accused of murder in the first degree have awaited the sealing of their fate with the calmness and the happy-go-lucky manner which has characterized Harry Thaw since the jury retired on Wednesday afternoon.

The action of the jury in twice going before Justice Fitzgerald to have certain portions of the testimony read to them was widely commented upon and naturally caused much speculation. It seemed evident that the jury's deliberations were hinging upon the question of the sanity or insanity of the defendant as shown by the defense. The jury showed an almost startling familiarity with the evidence and the testimony they desired to hear again was given in part by persons who were not referred to in the summing up speeches of either Mr. Delmas or District Attorney Jerome.

From the manner in which the jurors wished to go over the evidence in all its detail, it was surmised that a verdict, if reached at all, would be predicated entirely upon the evidence and not upon "the unwritten law."

Attorney Peabody was asked if Harry Thaw would make any statement and when Mr. Peabody referred the matter to Thaw he said he would write just a line. It follows:

"It is great satisfaction that all my family continue well. I regret that so many officials and others have so much extra work."

As the deputy sheriffs took Thaw he said:

"Another night! Well I suppose I've got to make the best of it."

## COAST TOWNS IMMUNE.

Must Not Be Bombarded During Central American Wars.

Puerto Cortez, Honduras, April 9.—An authoritative statement of great moment in the relations of the United States to Central American republics has been given out here. It is to the effect that bombardments of coast towns cannot be permitted "during the frequent wars and revolutions in Central American states."

The statement is made by Commander Fullam of the United States gunboat Marietta and is part of a letter to General Juan J. Estrada, general commanding the Nicaraguan expedition engaged in capturing Honduran ports.

## EXAMINATION IS CONCLUDED

Brief Adjournment Taken in the Trial of Binger Hermann.

Washington, April 12.—The examination of Binger Herman, which occupied the last seven days of his trial for destroying public records, was concluded Thursday and the trial adjourned until Monday, when the defense will continue its case. Mr. Hermann admitted that he required Mr. Robertson to divide his salary as clerk to the committee on arid lands of the house of representatives, of which Mr. Hermann was chairman before he became commissioner of the general land office. He was allowed to explain that he took this money to pay another clerk who came to his house two or three days a week.

The defendant also admitted his signature to vouchers which set forth that he had received payment from the government at the rate of \$3 a day for subsistence during each of his annual vacation trips to Oregon made while he was commissioner. He explained that he combined business with vacation on these trips.

During his re-direct examination, Mr. Hermann said he had acquired 3,000 acres of land, instead of 30,000, as was previously stated, while he was receiver of the Roseburg land office in 1872. For this land he paid \$125

an acre, held it as a sheep and cattle ranch for many years and then sold it for \$2 an acre. Mr. Worthington read the statute prohibiting officers, clerks and employees of the general land office from acquiring land of the government and contended that the law did not apply to employees in the government service outside the land office such as Mr. Hermann was at that time.

### Power For Mines.

One of the striking results of the utilization of water power for the development of electricity is found in mining districts where the absence of fuel is an obstacle, says the Philadelphia Press. In Mexico the cost of fuel had rendered impossible the mining and milling of many grades of ore until recently. Now electric machinery is used, run by water power in the neighborhood. The same conversion of water power into electric power is revolutionizing mining in some parts of the west in this country.

### Forty Years For Kidnapers.

The New Jersey assembly has passed a bill making the penalty for kidnaping forty years in state prison. The recent kidnaping of the child of Dr. Marvin, who lives in the adjoining state of Delaware, prompted the measure. No votes were recorded against it.

The ax and the rifle won the Minnesota wilderness but the three best hammers win out in the Court of Honor nail driving contest.

Mrs. Geo. Donant gave a coffee at her home yesterday afternoon for the members of Victoria lodge, No. 24. A very enjoyable time was spent by all.

W. N. Holbrook, of Neutral, who has been in Brainerd for the past two months receiving medical treatment, returned to his home yesterday.

Housewives who take pride in their cooking want baking powder that is sure and safe—that is Hunt's Perfect Baking Powder—made in Minneapolis.

G. Small went to St. Paul today to take the civil service examination for railway mail clerks. Mr. Small is now substitute letter carrier in the postoffice here.

The fire department was called to Southeast Brainerd last evening by an incipient fire on Norwood street. It was quenched before the arrival of the fire boys.

Get your fire insurance from Smith Bros., Sleeper Block. Telephone 174.

There will be a musical entertainment at the Whittier school tonight under the leadership of Mrs. Dial, to secure funds to pay the rent on the piano for that school.

J. H. Koop was in the city yesterday on business, coming down from the north on the noon train. He is now engaged in the manufacture of patent medicines in Minneapolis, it is said.

The Court of Honor nail driving contest is a perfect thanatopsis when compared with a break of 20 points at the New York stock exchange. It's nails and not noise that wins the prizes.

The ladies' nail driving contest, Court of Honor dance, Walker hall, April 22, will be conducted so quietly that you couldn't hear it "45 Minutes From Broadway" or 6 weeks from Quebec.

W. F. Holst is erecting shed to a shelter his machinery this summer. He states that he has concluded that when he puts up a permanent brick structure it will be on his own lots on Laurel street just east of the O'Brien Mercantile Co.'s store.

The "45 Minutes From Broadway" company arrived from Grand Forks on the afternoon train today in four special cars and the prospects are that the company will have a good house tonight. The Bohemian club will entertain the members of the company after the theater tonight.

Some people with sensitive, overwrought nerves imagine the ladies' nail driving contest will make as much noise as the Minnesota legislature, the N. P. foundry, boiler shop or other noisy factories. The nailing will be done artistically with all possible decorum and the least possible minimum of sound, Walker hall April 22.

Ducks and chickens at Bane's for Saturday.

Victor R. Beardsley, son of F. M. Beardsley, died at his father's home, 610 Tamarack street this morning of tuberculosis. The deceased was 25 years of age and had been sick for some time. The remains will be taken to St. Paul for burial tomorrow morning after funeral services by Rev. A. P. Garrett. The bereaved family have the sympathy of all.

J. N. Waldrop received a message from Valley City, N. D., yesterday stating that his brother-in-law, Keziak Masterson, formerly of Brainerd, had committed suicide. Mr. Waldrop received a letter Wednesday from Masterson, who resided on a farm near Courtney, N. D., and he was in apparently the best of health and spirits when the letter was written.

### TO PLACE HIM ON RECORD

Labor Organization Wants President's Opinion of Moyer and Haywood.

Chicago, April 12.—The Chicago Federation of Labor is endeavoring to place President Roosevelt on record regarding his reported opinions of Moyer and Haywood, officials of the Western Federation of Miners, charged with complicity in the assassination of former Governor Steunenberg of Idaho. E. N. Nogles, secretary of the local labor body, has sent the president the following telegram:

"The newspapers report you as saying that Moyer and Haywood are undesirable citizens. In view of the fact that these men will soon be put on trial for their lives, we believe their chances for a 'square deal' would be considerably lessened if the reported statement is true. We therefore ask you for correct information upon this subject, believing a man is innocent until he is proved guilty."

**Bank Robbed.**  
Seminole, I. T., April 9.—While three armed men patrolled the main street of the town shouting warnings and shooting at citizens who dared appear, two others blew open the safe of the First State bank and decamped with \$1,000. Fifty shots were fired and many had narrow escapes from injury.

FEET ARE BADLY FROZEN

Man Thinks he is Still a Walker

and can Give no Clear Ac-

count of himself

Word was brought to this city yesterday by Ole Larson, of Crow Wing, of a man wandering around that country without hat, coat, shoes or stockings. The matter was brought to the attention of Sheriff Erickson who states that he made a trip down there yesterday afternoon but could not find the man. The fellow was discovered by Mr. Bailey this morning, still wandering around aimlessly, and he was brought to this city by Messrs. Bailey, Baldwin and Weatherbee. The man's feet were found to be badly frozen, but not, it is thought, sufficiently to necessitate amputation. Sheriff Erickson states that the man gives his name as Charles Hanson and thinks he is still in Walker. How he came here no one knows, and so far no one who has seen him remembers seeing him on the streets of Brainerd. Whether he wandered all the way from Walker, which is improbable, or whether he started for the cities and got off or was put off at Crow Wing or wandered out from here is unknown. He is certainly in a deplorable condition at present, both mentally and physically.

## Going Out of Business--Closing Out

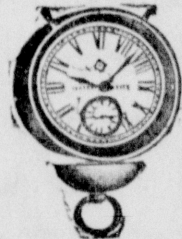

FURNITURE, HOUSEHOLD GOODS, SPORTING GOODS, ETC.  
AT WHOLESALE PRICES AND LESS.

W

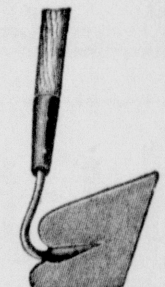

HY IS HOFFMAN CLOSING OUT HIS STORE? That is the question that is frequently asked, but as yet does not seem to be answered to the full satisfaction of the doubting public. Some of our citizens have intimated that they did not believe Hoffman really meant to close out his business entirely, but these citizens, after visiting the store and investigating the prices they are offering the stock at, are well satisfied that this is a genuine closing out sale. But still they wonder why, they wonder why. NOW THIS IS THE ANSWER--They want the public to know it, for it concerns the public. Mr. Hoffman is going to establish a Turpentine Producing Plant in Crow Wing county, a plant to manufacture turpentine from pine stumps. A plant similar to the one that has been running so successfully near Hinkleley for a number of years. This is no new idea with him. He has been working to this end for the past two years, as is well known by some of our leading citizens; for a verification of this fact he refers you to Rev. Father Lynch, Hon. Werner Hemstead, G. D. Labar, F. A. Farrar, Con. O'Brien, R. J. Hartley, and John L. Morrison, of Duluth, and others who have helped and encouraged him in his investigations along these lines, for they know that a turpentine plant in this county would probably help out our residents at large as much as any one industry that could be established. Mr. Hoffman has been advertising his stock for sale in bulk for the past year to some one who would rent his building, but could not make the sale, so now he has adopted the only method left him, that is, to close out at retail. An immediate closing out of this stock makes it possible to establish the Turpentine industry in this county, for it will be a benefit to every one, as all manufacturing plants employing labor always are. As to prices--This stock is being sold at wholesale or less and any price or prices made by mail order houses will be met and you save the freight. You are especially invited to bring your mail order catalogues with you for comparison of prices.

There will be a musical entertainment at the Whittier school tonight under the leadership of Mrs. Dial, to secure funds to pay the rent on the piano for that school.

J. H. Koop was in the city yesterday on business, coming down from the north on the noon train. He is now engaged in the manufacture of patent medicines in Minneapolis, it is said.

The Court of Honor nail driving contest is a perfect thanatopsis when compared with a break of 20 points at the New York stock exchange. It's nails and not noise that wins the prizes.

The ladies' nail driving contest, Court of Honor dance, Walker hall, April 22, will be conducted so quietly that you couldn't hear it "45 Minutes From Broadway" or 6 weeks from Quebec.

W. F. Holst is erecting shed to a shelter his machinery this summer. He states that he has concluded that when he puts up a permanent brick structure it will be on his own lots on Laurel street just east of the O'Brien Mercantile Co.'s store.

The "45 Minutes From Broadway" company arrived from Grand Forks on the afternoon train today in four special cars and the prospects are that the company will have a good house tonight. The Bohemian club will entertain the members of the company after the theater tonight.

Some people with sensitive, over-wrought nerves imagine the ladies' nail driving contest will make as much noise as the Minnesota legislature, the N. P. foundry, boiler shop or other noisy factories. The nailing will be done artistically with all possible decorum and the least possible minimum of sound. Walker hall April 22.

Ducks and chickens at Bane's for Saturday.

Victor R. Beardsley, son of F. M. Beardsley, died at his father's home, 610 Tamarack street this morning of tuberculosis. The deceased was 25 years of age and had been sick for some time.

The remains will be taken to St. Paul for burial tomorrow morning after funeral services by Rev. A. P. Garrett. The bereaved family have the sympathy of all.

J. N. Waldrop received a message from Valley City, N. D., yesterday stating that his brother-in-law, Keziak Masterson, formerly of Brainerd, had committed suicide. Mr. Waldrop received a letter Wednesday from Masterson, who resided on a farm near Courtney, N. D., and he was in apparently the best of health and spirits when the letter was written.

### TO PLACE HIM ON RECORD

Labor Organization Wants President's Opinion of Moyer and Haywood.

Chicago, April 12.—The Chicago Federation of Labor is endeavoring to place President Roosevelt on record regarding his reported opinions of Moyer and Haywood, officials of the Western Federation of Miners, charged with complicity in the assassination of Former Governor Steunenberg of Idaho. E. N. Nogles, secretary of the local labor body, has sent the president the following telegram:

"The newspapers report you as saying that Moyer and Haywood are undesirable citizens. In view of the fact that these men will soon be put on trial for their lives, we believe their chances for a 'square deal' would be considerably lessened if the reported statement is true. We therefore ask you for correct information upon this subject, believing a man is innocent until he is proved guilty."

### Bank Robbed.

Seminole, I. T., April 9.—While three armed men patrolled the main street of the town shouting warnings and shooting at citizens who dared appear, two others blew open the safe of the First State bank and decamped with \$1,000. Fifty shots were fired and many had narrow escapes from injury.

Man Giving Name of Charles Hanson Found Wandering Near Crow Wing

FEET ARE BADLY FROZEN

Man Thinks he's Still in Walker and can Give no Clear Account of himself

Word was brought to this city yesterday by Ole Larson, of Crow Wing, of a man wandering around that country without hat, coat, shoes or stockings. The matter was brought to the attention of Sheriff Erickson who states that he made a trip down there yesterday afternoon but could not find the man. The fellow was discovered by Mr. Bailey this morning, still wandering around aimlessly, and he was brought to this city by Messrs. Bailey, Baldwin and Weatherbee. The man's feet were found to be badly frozen, but not, it is thought, sufficiently to necessitate amputation. Sheriff Erickson states that the man gives his name as Charles Hanson and thinks he is still in Walker. How he came here no one knows, and so far no one who has seen him remembers seeing him on the streets of Brainerd. Whether he wandered all the way from Walker, which is improbable, or whether he started for the cities and got off or was put off at Crow Wing or wandered out from here is unknown. He is certainly in a deplorable condition at present, both mentally and physically.

## Going Out of Business--Closing Out

FURNITURE, HARDWARE, HOUSEHOLD GOODS, SPORTING GOODS, ETC.  
AT WHOLESALE PRICES AND LESS.

WHY IS HOFFMAN CLOSING OUT HIS STORE? That is the question that is frequently asked, but as yet does not seem to be answered to the full satisfaction of the doubting public. Some of our citizens have intimated that they did not believe Hoffman really meant to close out his business entirely, but these citizens, after visiting the store and investigating the prices they are offering the stock at, are well satisfied that this is a genuine closing out sale. But still they wonder why, they wonder why.

NOW THIS IS THE ANSWER—They want the public to know it, for it concerns the public. Mr. Hoffman is going to establish a Turpentine Producing Plant in Crow Wing county, a plant to manufacture turpentine from pine stumps. A plant similar to the one that has been running so successfully near Hinckley for a number of years. This is no new idea with him. He has been working to this end for the past two years, as is well known by some of our leading citizens; for a verification of this fact he refers you to Rev. Father Lynch, Hon. Werner Hemstead, G. D. LaBar, F. A. Farrar, Con. O'Brien, R. J. Hartley, and John L. Morrison, of Duluth, and others who have helped and encouraged him in his investigations along these lines, for they know that a turpentine plant in this county would probably help out our residents at large as much as any one industry that could be established. Mr. Hoffman has been advertising his stock for sale in bulk for the past year to some one who would rent his building, but could not make the sale, so now he has adopted the only method left him, that is, to close out at retail. An immediate closing out of this stock makes it possible to establish the Turpentine industry in this county, for it will be a benefit to every one, as all manufacturing plants employing labor always are. As to prices—This stock is being sold at wholesale or less and any price or prices made by mail order houses will be met and you save the freight. You are especially invited to bring your mail order catalogues with you for comparison of prices.

**SHORT TALKS BY L. T. COOPER.**

**INTERNAL PARASITES.**

Cooper's New Discovery has taught me many things. Not least of which is that parasites or tape worms as they are called are responsible for an immense amount of suffering. Thousands of these creatures have been brought to me by people who have taken the New Discovery and now know that an immense amount of supposed stomach trouble is caused in reality by one of these parasites. A man or woman may be afflicted in this manner for years and not realize the true cause of their suffering. When I first sold Cooper's New Discovery I did not know that the medicine would remove this trouble. I have since found that it invariably does so. The following letter is a fair sample of the symptoms as experienced by an individual thus affected:

NICK EMMERICK.

"I was always tired. My stomach bloated and the slightest exertion made me sick, weak and dizzy. My appetite was variable and a good nights sleep was unknown to me. When I awoke in the mornings I had a bad taste in my mouth and a coated tongue. I heard of the wonderful benefits that were being derived from Cooper's New Discovery, and decided to try it."

"The horrible tape worm, sixty feet long that had been sapping my life away, passed from my system alive and squirming after I had taken three doses. Now I have a splendid appetite, every trace of stomach trouble has disappeared and my digestion is good. I sleep well and am gaining in strength every day." Nick Emmerick, 1344 Louis Ave., Milwaukee, Wis.

We are authorized agents for the Cooper medicines. Call and let us tell you more about them.

## ROCKNE BILL KILLED

House Votes Down Railroad Stock Issue Measure.

**BATTLE WAS HARD FOUGHT**

While the Measure Was a Popular One in the House, Some Members Concluded There Was No Demand for Its Passage.

St. Paul, April 12.—The Rockne bill for the regulation of railroad stock and bond issues failed of passage when it was put to a vote in the house. There were 57 votes against the bill and 47 for it. The vote was taken after a long and earnest discussion and the battle was one of the hardest fought in years.

As was stated on the floor of the house, the measure was a popular one, as are most of the measures directed against corporations, but the members of the house concluded that there is no valid demand for the passage of the bill, that it is uncalled for and unwise because it would hamper the building and improvement of railroads in the state, and unjust because it would affect only the roads that have their home in the state. During the discussion it was pointed out that the Great Northern and the Soo line, besides some local roads in the northern part, are the only roads that are organized as Minnesota roads. The Northern Pacific, Northwestern, Milwaukee, Great Western, Minneapolis and St. Louis and the other roads in the state are organized in some other state.

This bill provided that before any railroad company issues any stocks or bonds, either on original organization or increase, it must make application to the railroad and warehouse commission and secure its approval. The commission must give a hearing, and if it finds that the company has complied with the laws of the state and the issue is warranted it is to allow the issue. If it refuses the application, the railroad may appeal, but the court may reverse the order only if the order is confiscatory or in some manner a denial of the right of the corporation or a denial of justice. The word "confiscatory" was one of the things objected to by the constitutional lawyers, and on Mr. Rockne's motion this was stricken out. The bill reenacted the present statute that no stocks or bonds should be issued below par.

Drawn by the Attorney General.

The bill was drawn by the attorney general and was intended to overcome the defects of the present law, which was recently declared unconstitutional because it was a delegation of legislative powers to the railroad commission.

The senate committee on general legislation voted to report for indefinite postponement Representative Stokke's bill providing for the licensing of clairvoyants, trance mediums, palmists and fortune tellers. The same committee also recommended the same action with reference to the More bill prohibiting junk dealers, pawn brokers or second-hand dealers from purchasing or receiving mechanics' tools as security for money.

The sheriff's salary bill, introduced in the house by F. T. White of Elk River, was approved in the committee of the whole. The bill does not relate to counties having a population of 35,000 or over or to counties having 2,500 square miles of territory, but in the other counties the sheriffs are placed on a straight salary instead of a fee basis. Counties having less than 10,000 inhabitants must pay their sheriffs a salary of \$800 and for each additional 5,000 inhabitants an additional \$100, so that sheriffs in counties of 30,000 to 35,000 get \$1,300. They are to be allowed their actual expenses.

For Indefinite Postponement.

The house appropriations committee reported the semi-centennial bill for indefinite postponement. The other two state fair bills, one providing an appropriation of \$150,000, and the other for a loan of \$250,000 for the purchase of land and improvement of the state fair grounds, were reported for passage.

The senate passed the bill raising the salaries of the judges of the supreme court and the district courts as amended by the house. The bill now provides for a salary of \$7,000 a year for the judges of the supreme court, a raise of \$2,000, and \$4,200 for the judges of the district court, a raise of \$700. The district judges of Ramsey, Hennepin and St. Louis counties will receive also \$1,500 additional from the counties.

A bill making it the duty of each village, township and county to cut and destroy brush and weeds on the public highways under its jurisdiction for a distance of not less than one rod on each side of the traveled portion of the highway was introduced by Senator S. A. Nelson of Lanesboro.

Minnesota will not be represented at the Alaska-Yukon-Pacific exposition at Seattle in 1909. The senate killed the bill appropriating \$25,000 for providing a state exhibit at the exposition by adopting by a vote of 32 to 18 the report of the minority of the finance committee recommending the indefinite postponement of the bill.

The bill authorizing the Minnesota Canal and Power company to divert the waters of the St. Louis river through a canal to Duluth for the purpose of generating electricity was indefinitely postponed in the senate after a spirited debate of about two hours.

## BASEBALL SEASON OPENS

Chicago Nationals Defeat St. Louis in the First Game.

Chicago, April 12.—Nearly 10,000 persons braved the cold weather to witness the National League opening here. Mayor Dunne was present and "Cap" Anson tossed the first ball after having presented the local players with umbrellas, gifts from members of the Board of Trade. The champions won easily by a score of 6 to 1 from St. Louis.

The game at New York was forfeited to Philadelphia in the eighth inning when the score was 3 to 0 in favor of Philadelphia, because the home club was unable to clear the diamond of the crowd.

At Cincinnati the local club defeated Pittsburgh by a score of 4 to 3.

American League.

St. Louis, April 12.—St. Louis defeated the champion Chicago team in the opening game of the American League season, 1 to 0, in a game played in mid-season form, despite cold and threatening weather.

Scores of other games in the league: At Washington, 2; New York, 3. At Detroit, 2; Cleveland, 0.

At Philadelphia, 4; Boston, 8—fourteen innings.

## BUTCHERS ORGANIZING.

Intend to Present Demands to the Packers.

Chicago, April 12.—Butcher workmen who tied up the meat packing industry throughout the country in 1904 and who finally suffered defeat in the struggle, have been organizing for several months and it is said are about to present demands to the packers. The packinghouse butchers in South Omaha, St. Louis, East St. Louis, St. Joseph and to a certain extent in Kansas City and St. Paul are joined with the Chicago butchers in the movement.

A meeting of the Amalgamated Meat Cutters and Butchers Workmen of America is to be held in New York April 22 for the purpose of fixing a date for concerted action in presenting the demands. Joseph A. Master, son of New York, second vice president of the butchers' organization, is in Chicago conferring with President Michael Donnelly. Mr. Donnelly said that the butchers' union was in better shape now than at any time since the last big strike. He declared that three-fourths of the skilled butchers employed by the packers have again joined forces to better their working conditions. Mr. Donnelly declined to state the demands that will be made on the employers.

## Mail Package Explodes.

St. Louis, April 12.—A mail package apparently containing dynamite exploded while it was being stamped in the St. Louis postoffice. The explosion blew away a portion of a finger and thumb of John Bayer, the clerk who was stamping the package. The explosion destroyed all trace of the contents and all of the address excepting the words "Independence, Mo."

## TELEGRAPHIC BREVITIES.

Everything indicates that the strike of the bakers in Paris is ended.

The New Jersey senate has passed a bill imposing a life sentence for kidnapping.

John Hart, who was shot by Anton Brogen while attempting to eject Brogen from his saloon in Minneapolis, is dead.

Another advance of 1 cent per gallon on common grades of gasoline has been announced by the Standard Oil company.

Senator William Warner presided over a meeting at Kansas City, Mo., to initiate a campaign to secure for that city the national Republican convention in 1908.

## Your Right To Good Clothes

It's a man's natural right to wear good clothes—to wear clothes that make him look as well as other men,—clothes that make him look his best. And it's his natural right not only to get such clothes, but to get them at proper, low prices.

Only all wool materials find their way into CLOTHCRAFT—no shoddy, no unreliable fabrics are good enough for you or good enough for CLOTHCRAFT. The shrinking of CLOTHCRAFT material is thorough, by the special CLOTHCRAFT process. Every detail of the designing, making and finishing—from first to last—is what it ought to be to give you satisfaction. Snug collars, flat lapels, modern concaved shoulders, unbreakable fronts are all marks of CLOTHCRAFT quality.

Your own eyes will show you when you come to look,—your own experience of their wear will further convince you. But remember the CLOTHCRAFT label—it's your clothing insurance policy.

## PITTSBURG INSTITUTE

Formal Rededication Exercises Brought to a Close.

**CEREMONIES ARE ELABORATE**

Addresses of International Importance Delivered—California Man Who Carried Knife and Wanted to See Carnegie Is Arrested.

Pittsburg, April 12.—The formal rededication exercises of the enlarged Institute of Pittsburg, valued at \$6,000,000 and one of the most beautiful and complete institutions of its kind in the world, were brought to a close for the day with the announcement of the prize winners in the international art exhibition.

Following are the successful painters, amount of awards and titles of pictures:

First prize, gold medal and \$1,500—Gaston La Touche, Paris, France, "The Bath."

Second prize, silver medal and \$1,000—Thomas Eakins, Philadelphia, "Professor Leslie W. Miller."

Third prize, bronze medal and \$500—Olga de Boznauska, Paris, France, portrait of a woman.

The following received honorable mention:

Lawton S. Parker, Chicago, portrait of an English girl.

W. Granville Smith, New York, "The Old Mill."

Maurice Greiffenhagen, London, England, portrait of his wife.

Thursday night the foreign and American guests attended a concert given in their honor by the Pittsburg orchestra directed by Mr. Emil Paur. The concert was the most brilliant in the history of the orchestra.

Ceremonies Were Elaborate.

The ceremonies Thursday, while elaborate, were marked with extreme simplicity. Addresses of international importance were delivered by Theodore von Moeller, minister of state, Germany; Paul Doumer, ex-speaker chamber of deputies, Paris; Andrew Carnegie, Baron d'Estournelles de Constant, member of the senate, Paris, and Dr. John Rhys, principal of Jesus college, University of Oxford. The Rev. Dr. E. S. Roberts, vice chancellor of the University of Cambridge, England, delivered the invocation.

A lengthy letter of regret from President Roosevelt was read by the secretary of the institute. In his letter the president praised Mr. Carnegie for the great gift to science and education.

During the exercises the president was referred to as "the great peace-maker" and vociferous applause greeted every mention of his name.

The notable feature of the exercises was the parade of the European and American guests from the Hotel Schenly to the institute, over a square away. Thousands of persons viewed the parade from the sidewalks, grand stands and tops of buildings.

The police protection was admirable, as was shown a few minutes before noon when Frederick Slagel, thirty-three years old, of Los Angeles, Cal., was arrested while attempting to enter the Hotel Schenly with an open knife hidden beneath his coat sleeve. Slagel said he wanted to see Mr. Carnegie concerning a patent for milking cows. He had \$261 when arrested. The man's sanity will be investigated.

## TO BE BIGGEST IN THE COUNTRY

Said that Few if any Blacksmith Shops in the Country will be Larger than at Brainerd

BUILDERS ARE NOW HERE

Will Put on a Heavy Force and Push the Construction Rapidly as Possible

L. D. Libby, son of one of the members of the firm of Libby & Nelson, who has charge of the work of constructing the new buildings at the Northern Pacific shops, was looking the ground over this morning. The first building to be erected will be the new blacksmith shop. This will be 165 feet square and will be built south from the west end of the present shop. This building will be for additional work room and will it is said make this one of the largest if not the largest shops in the United States. The building will of course be up-to-date and equipped with the latest machinery and appliances. There will also be an extension of 150 feet long and 80 feet wide put onto the east end of the present building. This will be used exclusively for the storage of material. The boiler house will also be enlarged to permit the placing of additional boiler capacity. The tool shed and fuel house will be torn down and rebuilt on a still larger scale, the material being used so far as possible in the new structures. It is reported that the contractors will put on a force of at least 50 men in a very few days and have a large force until the work is completed. There are already ten men from Minneapolis here to begin the preliminary work.

It is stated at the hotel where the men are stopping that the actual labor will commence tomorrow, there being no desire to commence so stupendous an undertaking on Friday.

The New Pure Food and Drug Law We are pleased to announce that Foley's Honey and Tar for coughs, colds, and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. —H. Will Stop the Sale

The St. Cloud city council are to pass an ordinance prohibiting the sale of the so-called "Japanese snuff" which is becoming a nuisance in most of the cities of the country, Brainerd not being an exception. The Journal-Press says: Those people who have of late been distressed and annoyed by the periodical appearance of another concoction of the inventor of fool "novelties" in the nature of the so-called "Japanese snuff," which youngsters, and even persons of more mature years, who are supposed to have outgrown the delights of nursery pranks, persist in sprinkling in public places, may feel somewhat relieved at the announcement that an ordinance is being prepared for the purpose of stopping the sale of this article. To those who are not familiar with "Japanese snuff" it is sufficient to say that it resembles red pepper, and when a small portion of it is set in motion by a current of air in a room, theatre or street car, it develops a sudden desire on the part of those present to sneeze. The use of this "Japanese snuff" is not purely local. The craze has spread all over the country. In San Francisco a traveling man was fined \$100 for using it in a street car. An instance is recorded at the state university where the students of a certain department caused a commotion in the class room by a liberal spread of the article on the desk of the instructor.

Letter to Mrs. Bertha Kaatz, Brainerd, Minn., April 2, 1907.

Dear Madam: We suspect you'd like the tale, how a woman beat two hardware dealers in Girard, Pa.

We tried our best to get those men to sell Devco lead and zinc in that bright town; and failed. Reluctantly took Mrs. E. K. Bowman, druggist.

They said they couldn't sell paint for more than \$1.25 a gallon. Mrs. Bowman can. She has sold about all the paint that has been sold there since.

She knew Devco; had sold our artists' materials. Had some sense and force, besides; she easily learned that cheap is dear in paint, and told the people.

Mr. Burt Young bought a gallon Devco for rooms that had always taken a gallon of other paint; had half left.

Mr. E. H. Hiler, jeweler, painted Devco, and it goes further—no particulars.

Mr. John Hanna, grocer, thought it expensive before he bought; brought back nearly half of his paint, and said it was the cheapest job he ever had.

Mrs. Bowman reports universal satisfaction. So much for a cheap-paint town with a bright woman in it.

Yours truly,

## THAW JURY DISAGREES

SPECIAL TO THE DISPATCH:

New York, April 12, 1907, 4:10 P. M.—The Thaw jury came into court at four thirty this afternoon and announced its inability to agree and was discharged.

SPECIAL TO THE DAILY DISPATCH:

New York, April 12.—Apparently as far away from a verdict as when they retired at 5:17 last Wednesday afternoon, the jury in the Thaw case continued today the task of trying to reach some sort of an agreement. No word whatever has come from the jury room today up to 12:30 p. m., when Justice Fitzgerald ordered a luncheon recess of court until 2 p. m. At that hour a noontime repast was also ordered for the jurors and served to them in their consultation chamber. The most remarkable feature of the jury's long consideration of the case is the fact that not once during the 43 hours which elapsed up to noon today has the jury suggested that it could not agree and thus asked for a discharge from further service.

Thousands have pronounced Hollister's Rocky Mountain Tea the greatest healing power on earth. When medical science fails, it succeeds. Makes you well and keeps you well. 35 cents, Tea or Tablets. H. P. Dunn & Co.

### IN MUNICIPAL COURT

Two Cases Disposed of and One Continued Before Judge Albright in Municipal Court Today

Judge Albright made some progress towards clearing the docket in the municipal court this forenoon. The case of the state of Minnesota vs. C. H. Turner, charged with the obstruction of the highway was finished and the defendant was found guilty and fined \$20 or 15 days in jail. Geo. H. Gardner, attorney for defendant, filed notice of appeal.

In the case against Frank Walker charged with refusing to aid an officer, there were no witnesses sworn except the officer, Mr. Walker appearing without counsel. The judge found him guilty and imposed a fine of \$25, but remitted the fine. There were rumors that the case would be fought and there was thought to be some fun ahead, but it did not materialize.

The case against Howard Dickerson, charged with robbery was continued until 10 a. m. tomorrow.

### SURVIVOR OF '49

P. K. Johnson, of Brainerd, Honored by the Minnesota House of Representatives

Minneapolis Journal.—P. K. Johnson, of Brainerd, the sole survivor of the first territorial legislature of Minnesota, was honored by the house today. He visited the capitol in company with his son, C. D. Johnson, of Brainerd, and was escorted to the speaker's desk. The house took a five-minute recess and asked Mr. Johnson to speak to the members. He congratulated them on the noble building in which they had their sessions and contrasted their quarters with those of the first legislature, which met in a private house in the village of St. Paul. Mr. Johnson represented the St. Paul district at that time.

## TO OPEN NEW BRICK YARD

Brainerd Brick Co. Will Develop Angel Clay Tract on M. & I. Near Pulp Mill

MACHINERY IS ON THE WAY

Reported Also That There Will be Another Store in the Mill District

The old mill district is looking up. In fact prospects for that portion of the city are becoming decidedly rosy. While there is no one big concern taking the place of the mill there is a number of new enterprises of lesser magnitude settling there. In addition to the Polk & Wood lath mill and the McKinley cedar yard and mill there will be a second brick yard opened up this spring. Swan Peterson and A. Angel have associated themselves together as the Brainerd Brick company and now have a car load of brick making machinery on the way from Lancaster, Penn. They will get to work as soon as possible. They are starting in on a small scale, and will only employ eight or ten men, but hope to be able to increase the force as the demand for the output grows. The plant will be located between the M. & I. tracks and the river on Mr. Angel's land.

It is also reported that the old brick barn, which has stood as a monument to past glories for several years will be remodeled and a store opened therein. Including the pulp mill the indications are that from 150 to 200 men will be employed in that quarter of the city hereafter and it should regain its old time prosperity.

### AMUSEMENTS

Forty-Five Minutes From Broadway

"Forty-Five Minutes from Broadway," the music play from the prolific pen of the hard-working and energetic Geo. M. Cohan, is so well known by reputation to the majority of our theatre goers that the announcement of its production at the opera house tonight conveys with it more than the usual interest. This play has enjoyed a remarkable career ever since its first production over a year ago, attaining a degree of popularity seldom scored by any production in recent years. It has played two engagements in Chicago covering a period of thirty weeks, while New York thought so well of it that it crowded the Amsterdam theatre for twenty weeks. The entire season and most of the past summer, the play remained one of the principal attractions in these two cities, making a new record for theatrical receipts that are almost sensational in their figures. This season Messrs. Klaw & Erlanger are sending the play on tour with a remarkable cast of favorites headed by Corinne and with a scenic production gorgeous and complete in every detail, requiring two of the largest baggage cars for its transportation. The three scenes shown in the play are said to be on mammoth proportions. The engagement is being looked forward to with much interest, and will doubtless prove one of the society theatrical events of the season.

## Treasures Found in Our American Forests.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers of this and other countries. Even the untold Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce, of Buffalo, N. Y., believes that our American forests abound in medicinal roots for the cure of most obstinate and fatal diseases. He would properly investigate them, and, in confirmation of this opinion, he points with pride to the most marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action.

The reason why "Golden Medical Discovery" cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed free to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to them while taking the "Golden Medical Discovery" to purify and enrich the blood. Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad odors arising from suppurating, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating, Sores or Ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock mail 50 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils, carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, pushes out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus

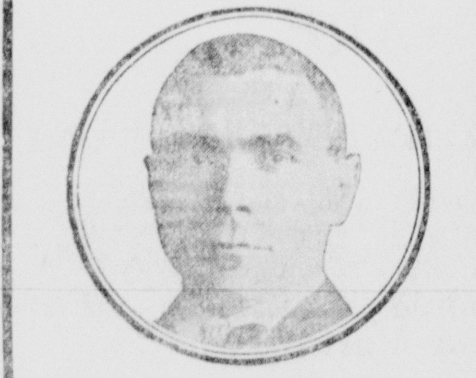

and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines and physicians had failed. Nursing mothers and over-burdened women in all stations of life, whose vigor and vitality may have been undermined and broken-down by overwork, exacting social duties, or the frequent bearing of children, or other causes, will find in Dr. Pierce's Favorite Prescription the most potent, invigorating, restorative strength-giver ever devised for their special benefit. Nursing mothers will find it especially valuable in sustaining their strength and promoting an abundant nourishment for the child. Expectant mothers too will find it a priceless boon to prepare the system for baby's coming and rendering the ordeal comparatively painless. It can do no harm in any state, or condition of the female system.

Delicate, nervous, weak women, who suffer from frequent headaches, backache, dragging-down distress low down in the abdomen, or from painful or irregular monthly periods, gnawing or distressed sensation in stomach, dizzy or faint spells, see imaginary specks or spots floating before eyes, have disagreeable pelvic catarrhal drain, prolapsus, anteversion or retroversion or other displacements of womanly organs, from weakness of parts, will, whether they experience many or only a few of the above symptoms, find relief and a permanent cure by using faithfully, and fairly persistently, Dr. Pierce's Favorite Prescription.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. Easy to take as candy.

## DISAPPOINTS ENGLISH

Taft's Statement Fails to Satisfy Britons in Cuba.

FOR A LITTLE OVER A YEAR

They Claim That It Guarantees Good Business on the Island—Spanish Commercial Interests, However, Are Very Much Pleased.

Havana, April 12.—Excepting among the English colony, where some disappointment is expressed regarding Secretary Taft's statement issued Wednesday night, there is every sign of general satisfaction with his remarks. The Englishmen say the secretary's statement only guarantees good business for a little over a year and that by the end of twelve months it will be necessary to retrench, owing to the uncertainty about the new government. It is plainly evident that English interests anticipated a statement assuring a greater degree of permanent American control.

Spanish commercial interests are pleased because they consider Secretary Taft's statements concerning tranquillity tantamount to an assurance of American control for several years.

American commercial and banking interests are more optimistic than the English. The Americans declare that Mr. Taft's words mean at least one year of continuous business security, during which time political passions probably will die out. They believe the Cubans, recognizing the certainty of American intervention if they do not keep the peace, will make a strong endeavor to do so.

One thing responsible for the lack of enthusiasm on the part of the English residents is the question whether or not Cuba shall be obliged to pay for the damage done property during the last revolution. As English interests suffered more in this direction than those of any other foreigners this matter is considered by them to be grave.

The departure of Secretary Taft permitted the resumption of routine government business, which has been practically at a standstill since Mr. Taft's arrival last Monday.

## INTERESTING QUESTION.

Brought Up in the Trial of Abraham Ruef.

San Francisco, April 12.—One of the most interesting questions to be evolved out of the Ruef trial was projected by the prosecution and will be determined by Judge Dunne. It is whether the act of the court in disqualifying the sheriff from having the custody of Ruef had and has the effect of disabling the sheriff from now summoning a fresh venire from the regular jury list of 2,400 names and thereby necessitates the appointment of an elisor to summon a special venire from the body of the county.

The present panel of talesmen having been exhausted Thursday with no jurors yet finally chosen to try the case, a new panel must be drawn or summoned before the proceedings can go on. Sheriff O'Neill having been disqualified on motion of the prosecution for personal bias in favor of Ruef, the state is not willing that O'Neill shall have the summoning of a new panel from the regular jury list. Consequently Special Prosecutor Johnson requested, in view of the recent disqualification of the sheriff, the appointment of an elisor to summon a special venire of 100.

Judge Dunne himself recognized the delicacy of the point involved when he said in response to Attorney Johnson's motion and to Attorney Ach's emphatic objection, that it was his purpose to "proceed in the orderly and usual way," unless convinced that justice demanded the summoning of a special venire.

It is stated that if the latter course is followed and an elisor appointed to summon the talesmen and have charge of the jury when it has been selected, the proceeding will have the support of recent decisions to the effect that a sheriff can not be disqualified from certain of his sworn duties if allowed to perform certain of his other official functions.

**FIRST SERIOUS TROUBLE.**

Occurs in Teamsters' Strike in South Boston.

Boston, April 12.—The first serious trouble in the local teamsters' strike was experienced Thursday evening in South Boston. The disturbance assumed almost the nature of a riot, scores of men and boys attacking the strike-breakers and their guards. Bricks and stones were thrown at the teamsters and in one instance a guard was pulled from a team and beaten. One boy was severely injured and several others were slightly hurt.

**Three Hurt by Explosion.**

Lexington, Ky., April 12.—A telegram from Beattyville, Lee county, says that E. B. Montgomery, his ten-year-old son and Rolly Hall, all mine workers, were fatally injured by an explosion of powder at Richardson's coal mine.

**Heavy Loss From Fire.**

Chickasha, I. T., April 12.—The compress of the Traders' Press company, with its contents of 14,000 bales of cotton, was destroyed by fire here, causing a loss estimated at between \$650,000 and \$700,000.

## FOURNIER ON THE STAND

Alleged Murderer Denies the Charge Against Him.

Remidji, Minn., April 12.—The state has rested in the Paul Fournier murder trial, after making out a very strong case against the accused.

Judge J. M. Martin of Virginia, associate counsel, opened for the defense with an outline of what they intended to show, stating that the defense would impeach the testimony of Owen Fournier, the brother of the defendant, who testified that Paul Fournier had made a confession to him of the crime of killing the Dahls. They would also impeach the testimony of Eugene Caldwell and his wife.

Paul Fournier took the stand on his own behalf. He made a good impression and told a well-connected story. His testimony was a general denial of the charge against him. He swore he had never confessed to any one.

## BY BLOCKADE OF FINLAND

Russia Will Try to Prevent Importation of Arms.

St. Petersburg, April 12.—The Russian authorities are arranging for a strict blockade of Finland now that the season of navigation is approaching. In order to prevent the importation of arms by Finnish or Russian revolutionists.

A fleet of torpedo boats and small cruisers will be used to patrol the Baltic and some vessels will be sent to the White sea. The increase of Russian troops in the strategic centers of the duchy of Finland also is contemplated.

It is expected that the Finnish diet will be dissolved if the Socialists attempt to pass radical legislation and should the members refuse to disperse the military occupation of the duchy will become necessary.

## CONGRESSMAN FAVROT FREE

Grand Jury Refuses to Indict Slayer of Dr. Aldrich.

Baton Rouge, La., April 12.—Democratic Congressman George A. Favrot was set free after having been in jail continuously for about five months under arrest on a charge of murder and awaiting action of the grand jury. The second grand jury refused to indict the congressman. Mr. Favrot last November shot and killed Dr. R. H. Aldrich of Baton Rouge, who had been his life-long friend. The congressman declared that the physician had made disparaging remarks about Mrs. Favrot.

## Negro Jockey Killed.

## "BLUE DEVILS"

Get Rid of Indigestion and Things Will Look Bright and Joyous

Even in the present era of prosperity and good times everything appears black to those people who are suffering wretchedly from some form of indigestion. Where digestion is quick, complete and easy there is a joyous and hopeful outlook, but indigestion causes depression.

The want of a safe, effective cure for sick headache, indigestion and stomach troubles, was always felt until the prescription known as Mi-o-na stomach tablets was put up in popular form and proved its invariable success in the many forms of indigestion.

After a few days use of Mi-o-na stomach tablets the headache, dizzy feeling, drowsiness, bad taste in the mouth, coated tongue, nervousness, sleeplessness, distress after eating—all these symptoms of a weak stomach—will disappear and perfect digestion and a good skin will show that the vital machinery is once more running smoothly.

Mi-o-na is to be taken before each meal and it will stimulate the secretory and digestive juices and strengthen the whole of the digestive system so that the unpleasant full feeling will be absent and indigestion prevented.

Mi-o-na stomach tablets are sold only in a neat metal box convenient for the vest-pocket and cost 50 cents. H. P. Dunn & Co. have seen so many cures made by Mi-o-na stomach tablets that they give a guarantee with every box that the money will be refunded if the remedy fails to give satisfaction. wfc3

## WANTS TO BE HANGED.

Escaped Murderer Surrenders and Desires to Be Executed.

Los Angeles, Cal., April 12.—A man claiming to be George W. Bundrick appeared in Downey, Cal., near here and surrendered himself, asserting that he had killed John Schroeder in Rains, Ga., in 1902. He said that he had been tried, convicted and sentenced to hang but had escaped at Americus by overpowering his guards. He said he wanted to be taken and hanged for his crime.

## Wife Dead; Husband Dying.

Cape Girardeau, Mo., April 12.—A sensation was created here by the finding of the dead body of Mrs. A. D. Blomeyer in her home, following an alleged quarrel with her husband, Dr. Blomeyer, and his lapse into unconsciousness. Efforts to revive him have been of no avail.

## DANGER IN DELAY

Kidney Diseases are too Dangerous for Brainerd People to Neglect

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Brainerd.

Mrs. S. Bran, of 601 S. 10th St., Brainerd, Minn., says: "I could not do otherwise than endorse Doan's Kidney Pills and time after time I have recommended them to persons suffering from kidney troubles. I learned the value of this remedy through experience. When I first got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store I was suffering from severe symptoms of kidney complaint. There was a constant dull aching in my back and the kidney secretions were irregular and distressing. From both these causes my rest was broken at night and in the morning I was usually languid and all tired out. Doan's Kidney Pills made a great change in my condition and after continuing the treatment I was so vastly improved that I felt warranted in recommending this remedy through the local papers. I have never changed my mind about Doan's Kidney Pills and have also found that Doan's Ointment is unequalled for itching and bleeding hemorrhoids. Both these preparations should be known to every sufferer."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name—Doan's—and take no other.

**Mortgage Foreclosure Sale.**  
Default having been made in the payment of the sum of Seventy three and 38/100 (\$73.38) Dollars, which due at the date of this notice upon a certain Mortgage duly executed and delivered by Charles G. Simmons and Sarah A. E. Simmons his wife Mortgages, to Alexander R. Davidson Mortgage, bearing date the 15th day of November 1904, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Crow Wing and State of Minnesota, on the 18th day of November, 1904, at 9:30 o'clock A. M., in Book Z of Mortgages, on page 349.

Which said Mortgage, together with the debt secured thereby, was only assigned by said Alexander R. Davidson, Mortgagee, to the said W. N. Weiskopf by written assignment dated the 15th day of December 1904, and recorded in the office of said Register of Deeds, on the 15th day of December 1904, at 2 o'clock P. M., in Book Z of Mortgages, on page 372, which mortgage and the debt secured thereby was duly assigned by said Ida F. Blainch to W. N. Weiskopf by written assignment dated the 15th day of December 1904, in the office of said Register of Deeds, June 19, 1906, at 8 o'clock A. M., in Book Z of Mortgages on page 576.

And Whereas, the said W. N. Weiskopf the Assignee and holder of said Mortgage has duly elected and does hereby elect to declare the whole principal sum of said Mortgage due and payable at the date of this notice, under the terms and conditions of said Mortgage and the power of sale therein contained; and whereas there is pursuant to said election and declaration actually due and claimed to be due and payable at the date of this notice the sum of One thousand two hundred ninety nine and 98/100 Dollars, and whereas the said power of sale has become operative, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said mortgage, or any part thereof;

Now, Therefore, Notice is hereby Given, That by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and conveyed by said mortgage, viz: North half of the North west quarter and North half of north west quarter, all in section Twelve (12) Township Forty-three (43) Range Thirty-two (32) in Crow Wing County and State of Minnesota, with the improvements and appurtenances, which said sale will be made by the Sheriff of said Crow Wing County, at the front door of the County Court House, in the city of Brainerd in said County and State, on the 18th day of May 1907, at 2 o'clock P. M., of that day, at public vendue to the highest bidder for cash, to pay said debt of 1299.98-100 Dollars, and interest, and the taxes, if any, on said premises, and Seventy-five Dollars. Attorney's fees, as stipulated in and by said mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

Dated March 28th A. D. 1907.  
W. N. WEISKOPF, Mortgagee.  
A. P. BLANCHARD, Attorney,  
Little Falls, Minn.  
Mch. 29-May 3.
